Short and Inspirational stories

By Taniya Banerjee, HRMS

*"So go ahead and make mistakes.
Make all you can.
Because that's where you will find
success.
On the far side of failure."*

Learn from Mistakes

Thomas Edison tried two thousand different materials in search of a filament for the light bulb. When none worked satisfactorily, his assistant complained, "All our work is in vain. We have learned nothing."

Edison replied very confidently, "Oh, we have come a long way and we have learned a lot. We know that there are two thousand elements which we cannot use to make a good light bulb."

Birthday Buddies

- 1) K. Harish, Trainee from BITTS
- 2) Swapna G, BA from BAITS
